# CONCORDIA THEOLOGICAL SEMINARY

SPRINGFIELD, ILLINOIS

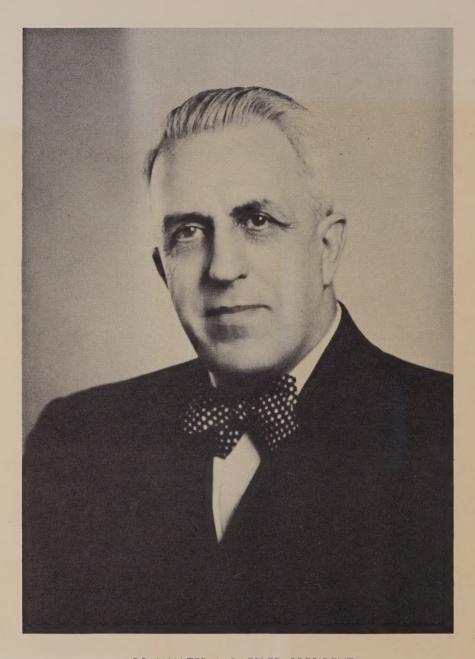

PRESENTS THE

1955 CANDIDATE

Dedicated to the many who by their sacrifices, guidance, and encouragement have inspired us in our preparation to be effective instruments in the hands of the Lord for the accomplishment of His will.

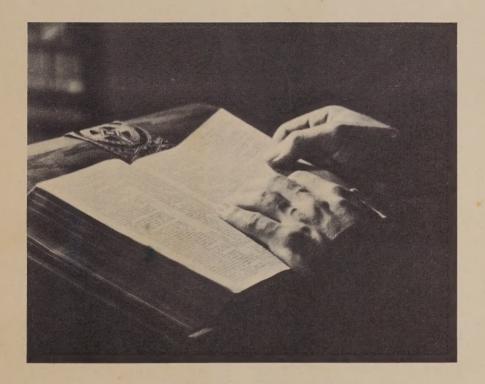

May our Class Motto ever be inscribed in our hearts, as we proclaim with Paul, "I can do all things through Christ which strengtheneth me." Philippians 4:13.

As our theme for this 1955 yearbook, we have chosen the subject "Hands."

Let Thy Holy Spirit direct us that we may always speak the things which become sound doctrine and in all things show ourselves a pattern of good works, an example to the believers in word, in conversation, in charity, in spirit, in faith, and in purity.

Amen.

Lord of the living harvest that whitens o'er the plain, Where angels soon shall gather their sheaves of golden grain, Accept these hands to labor, these hearts to trust and love, And deign with them to hasten Thy kingdom from above.

As lab'rers in Thy vineyard, Lord, send them out to be Content to bear the burden of weary days for Thee, To ask no other wages when Thou shalt call them home Than to have shared the travail which makes Thy kingdom come.

Be with them, God the Father; be with them, God the Son; And God the Holy Spirit, most blessed Three in One. Make them Thy faithful servants Thee rightly to adore And fill them with Thy fulness both now and evermore.

Evolution

Is It True?

How About the Bible Account?

What Am I, a Christian, to Believe?

GENES, GENESIS, and EVOLUTION

By John W. Klotz

For a straightforward, factual discussion of these questions, read Genes, Genesis, and Evolution

NOW, AT LAST, the pros and cons have been assembled in one book. You can learn the evidence for and against such important topics as the development of new species; the age of the earth; restorations of prehistoric men; contribution of genetics; development of one form from another; the origin of life.

Here is a book that is authoritative—scientific-Christian. Even the well-informed biologist and geologist will gain new insights from its pages— will find it a helpful reference.

An informative, objective presentation of a subject troubling thousands of Christian college students. Those who have been disturbed by the apparent conflict between the Genesis account and the "observable fact" of scientific investigation will find Genes, Genesis, and Evolution both helpful and comforting. AND it's written in an easy-to-read style for quick comprehension.

THE AUTHOR is both scientist and theologian. A graduate of Concordia Theological Seminary, St. Louis, he received his Ph. D. from the University of Pittsburg in the field of biology. He is listed in American Men of Science. His background makes him well qualified to write a book of this kind.

PUBLICATION DATE: AUGUST, 1955. Watch for it!

## The Key To Your Financial Success Is An

## A. A. L. PLAN OF INSURANCE

A FINANCIAL OBJECTIVE AND SYSTE-MATIC PROGRESS TOWARD IT is the key that will open the door to financial success.

An A.A.L. plan of insurance is such a key because with it you have:

- 1. A financial objective—5, 10, or 15 thousand dollar estate for a specified time in the future.
- 2. Systematic progress toward it—through regular deposits. Your savings are guaranteed.

They may be used in the event of an emergency, or as a monthly income later in life. As an A.A.L. member, you will also share in the surplus.

This plan is self completing in the event of your disability or death.

To obtain your key to financial success (an A.A.L. certificate) write to the AID ASSOCIATION FOR LUTHERANS, Appleton, Wisconsin.
